

# CONNECT MORE, SPEND LESS.

**Mopar® WiFi Module \$50 (MSRP) Mopar WiFi Harness \$100 (MSRP, Installation extra)**  
**Mopar® WiFi Adds Vehicle Safety, Security and Convenience – at a New Lower Price.**

Now it's easier and **less expensive** to get WiFi\* for your new or current Chrysler, Dodge, Jeep, or Ram vehicle with Mopar® WiFi.

Mopar WiFi is also a sophisticated smartphone controlled app-based system that enables safety and convenience features that benefit the entire family. With it you can:

- Enjoy mobile WiFi connection\*
- Remotely start or stop the engine\*\* for preheating or cooling
- Remotely control door locks, trunk, horn, flashers or alarm
- Find your vehicle on a map – great for monitoring the safety of your family
- Monitor parental control features, including curfew management
- Enable valet mode for security when handing over the keys
- Use with your iPhone and Android. 1 year free app service included

Note: Mopar WiFi Module must be purchased with an Installation Kit.

\*Subscription required. For more details, visit [www.moparconnect.com](http://www.moparconnect.com).

\*\*Vehicle must be equipped with factory or Mopar production style remote start.
